Community Health Worker Consultant

Provide CHW staff to help train, fill-in as needed and/or utilize in key settings.

Workforce Building

Assist with developing CHW workforce, writing specific job descriptions, defining roles and outlining desired scope of practice. Help to communicate 'selling points' with leadership.

Strategic Planning

Facilitate dialogue and planning with leadership to integrate broad program design concepts into a strategic plan to benefit your organization and support key priorities to help address health disparities.

Ongoing Consulting and Coaching

Provide on-site and off-site consulting and technical assistance to further advance the CHW workforce.

Social Needs Assessments

Assist with developing and implementing a community social needs assessment.

Organizational Assessment Site Visit

Conduct site visits to assess policies, programs, facilities and practices as needed. We will provide a debrief with recommendations for initial implementation, any necessary changes, and for established programs, possible improvement measures.

- Key Document Review: Provide off-site review of your organization's key documents* to determine alignment with program and to identify opportunities for improvement.
- Survey Leaders and/or Staff Perceptions of CHW: Provide summary of results.
- Report and Recommendations: Develop comprehensive report with recommendations and a blueprint for CHW implementation or restructuring.

Guidance for Partnerships

Provide on and off-site guidance for development of:

- Outreach opportunities
 - Peer support programs
- Partnerships between:
 - Community-based organizations
 - Faith-based organizations
 - Academic institutions

Pricing is customized based on selected offerings.
